Professional Summary

Hi! I'm a product designer with 7+ years of experience and my passion is figuring out how to make products people love. I look at the entire experience including every customer touchpoint. I love a lean, customer-driven approach and I've devoted myself to working with companies that I believe make the world a better place.

Experience

Product Designer II • Pushpay (Full-Remote)

1/20 - Present

Lead designer on the new ChMS Data Intelligence platform. Collaborating with the Design Leads in Auckland, New Zealand to develop a cross-product consolidation strategy.
